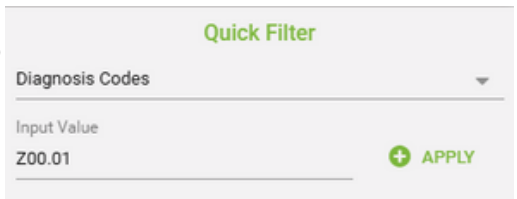
Creating a Well Visit Diagnosis Code Filter

In the Population Explorer application, use the Quick Filter drop down to select "Diagnosis Codes."

1

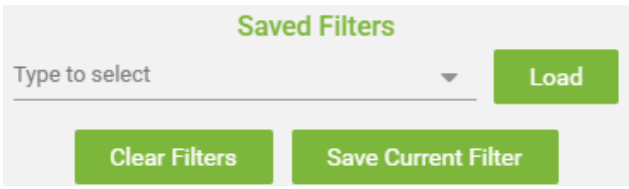


Enter each diagnosis code in the Input Value field and select "Apply" after each one to create a list.

2

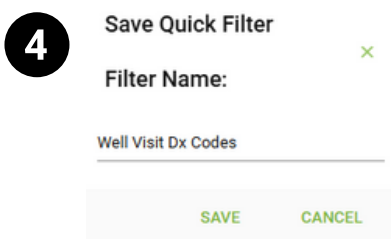
Select "Save Current Filter" for future use.

3



Name your filter and select "Save."

4



To use your new filter, select it from the "Saved Filters" drop down and choose "Load."

5
