WEST VIRGINIA HEALTH INFORMATION NETWORK

DECOMMISSIONING SNAPSHOT:
TRANSITION TO MY PATIENT SUMMARY

Anticipated Decommission: July 27, 2026

Snapshot will be retired and no longer available.

No downtime during transition:

- Snapshot will still be available during this transition.
- Users can seamlessly changeover to their custom **My Patient Summary** view without workflow disruption.

What is My Patient Summary?

In just ***minutes***, you can build your custom dashboard tailored to your needs:

- Build a **personalized view** of priority patient data.
- **Quickly** access the data most **important** to you.
- **Reduce time** spent clicking through multiple tabs.
- **Organize** and **reorder** tabs based on your workflow.

What is staying the same?

- Continued access to patient data
- No change to underlying data sources or availability
- Secure, role-based access remains unchanged

Getting Started:

- Click on **My Patient Summary** in the menu
- Use the pin icon to add and remove what is displayed on **My Patient Summary**
- Move the tiles around based on your needs

Set up *My Patient Summary* today and simplify your workflow. Email outreach@wvhin.org for more information on how to utilize this custom feature.
